Remember that **any trip booked with Walthers Authentic Travel Africa automatically includes:-**

- 1) We don't merely make clients bookings but work on the planning and logistics from long before your client's arrival until after the return home. **Our TEAM always goes above and beyond** - regularly chases visa applications, forgotten medication, tracks down missing suitcases, arranges birthday surprises and even searches for lost sunglasses.
- 2) **What about when things go wrong?** Should your client miss a flight or experience a Medical Emergency, it's the Walthers/Authentic Africa Travel Team that springs into action, ensuring that clients receive the deserved attention.
- 3) Our guests are also covered in 12 African countries by our **24/7 Emergency Evacuation Policy**, and for any self-drive clients our downloadable App includes a simple button that connects you should you have an emergency, be lost or feel threatened or just uncomfortable.

Iconic Table Mountain is one of the 7 Wonders of Nature. Looking at it from below is one thing, but it is quite another to be atop the mountain, from where one is afforded such wonderful views of Cape Town, Robben Island, the Peninsula and beyond.

One can of course walk up Table Mountain, but getting to the top of Cape Town's mountain doesn't have to involve any more exertion than stepping aboard the 60-person Cableway gondola which provides a gentle, quick and scenic trip up to the summit.

The journey takes a little more than 5 minutes and the high-tech rotating cable car offers the best views of the city. There are trips up and down every 10 – 15 minutes and the cableway operates 7 days a week, with the first car heading up at 8h00. The departure time of the last car down depends on the time of the year, and varies between 18h30 and 21h30. Once at the top, over 3500ft above the city, guests can explore the network of well-marked paths and strategically positioned lookout points.

Relive the fascinating history of Cape Town in an on-foot, interactive Amazing Race through Cape Town's CBD, with tasks to perform, images to take, typical items to purchase and taste etc.

Experience the diversity of the winelands while tasting cheese, chocolate and wines.

Teams follow clues, buy items or perform activities and challenges such as creating their own wine label, produce creative social videos and photos, taste local produce, learn to gumboot dance, etc as part of their team challenge.

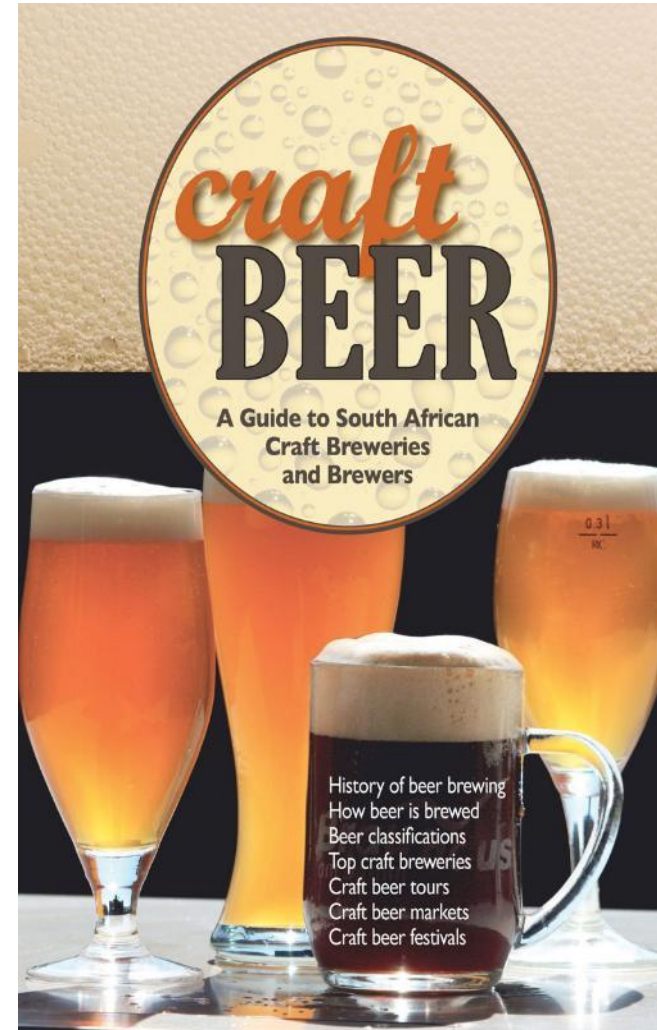

Get up close and personal to the Great White and Bronze whaler sharks - no diving experience necessary – wetsuits and masks provided.

The Great White Shark was branded a monster and hunted to the point of extinction. South Africa was the first country to offer safety to the Great White and shark hunting was outlawed here in 1991.

The area around Hermanus is the breeding ground of the Southern Right Whale during the winter and spring months (from June to November or early December).
